THIS PROJECT IS FUNDED BY CAL FIRE

# Trinity County Fire Protection Planning

---

- Trinity County Fire Safe Council
- History and Purpose - Trinity County has been a leader in community wildfire protection planning.
- Revision process a grant from CAL FIRE

# Trinity County Fire Safe Council

---

Seeks to improve cooperation and coordination in all aspects of wildfire management in Trinity County.

Meet every fourth Thursday at 1pm of each month at Trinity County RCD Conference Room

**Next meeting –**  
January 23, 1pm

*Trinity County*  
**FIRE SAFE COUNCIL**

# Trinity County Fire Protection Planning

---

- Trinity County Fire Safe Council
- History and Purpose - Trinity County has been a leader in community wildfire protection planning.
- Revision process a grant from CAL FIRE

# CWPP Achievements

---

TCRCD has brought \$2.9 million of fuels related work to Trinity County over the last 5 years

- Federal funds, state funds, private money and the labor of citizens
- \$8.5 million over the last 20 years

Work implemented around every major Trinity County community

# Community Wildfire Protection Plan Process

---

1. Community Meetings
2. Prioritization Process and Mapping
3. Write the CWPP
4. Review
5. Finalize

# How prepared is your community for a wildfire?

---

1. DO YOU HAVE FUEL BREAKS AROUND THE COMMUNITY?
2. DO THE MAJORITY OF THE PROPERTIES MEET STATE CLEARANCE REGULATIONS?
3. DO YOU HAVE AN ALERT PLAN THAT DOES NOT NEED POWER?

# Community Wildfire Protection Projects

---

## Overview of meeting process

- Mapping project priorities
- Identifying new assets at risk

## Types of projects that accomplish community protection objectives

- Defensible space – home ignition zone
- Shaded fuelbreaks – roads and ridges
- Strategic landscape thinning
- Prescribed fire
- Maintenance of fuels reduction treatments

POOR STACKING

GOOD STACKING

Stacks may be no more than 4 feet high. Try to make them 4 feet wide and about 8 feet long. Ideally, stacks should be approximately 4x4x8.
